RECOMPILING THE LAWS.

Assembly bill 161 provides for a new compilation of the laws of Nevada. It has been customary every ten years to compile the laws, and the last compilation by Bailey and Hammond was made in 1885.

The bill provides that the compilation shall be made by the Attorney-General of the State and Judge Harmon. Lawyers will be glad to know that the work is to fall into such exceptionally good hands.

Of General Beatty's standing as an attorney, it is unnecessary to speak. Judge Harmon is also a lawyer of the widest experience and in addition to this is a practical printer and will in connection with his duties as compiler, supervise the reading of all the proofs. There was never such an urgent need of a revision of the Statutes of Nevada as now. The last compilation was the most slouchy piece of work that ever emanated from the State, and for the last ten years has called down the profanity of the legal fraternity in full force for the entire 365 days of the year. The publication was well nigh worthless for any purpose whatever except to drive attorneys to the asylum and complicate litigation.

The bill provides that the new compilation shall be sold at \$5 a copy in order to pay the expenses of the work of compilation which is limited to \$2000. The work would be finished by September.

PRESS ASSOCIATION.

We notice by several of our exchanges that the question of organizing a Press Association in this State is again being talked of. Nevada once had a Press Association, but it existed only for a short length of time, being run into the ground by a hog or two belonging to it. However an Association of this kind (of the press, not of hogs) is what is very much needed. The newspaper business has been cut up and slashed to pieces by the ribald politicians and cutthroat advertising agents until there is not a paper in the State that is making anywhere what it should for the services rendered. The newspapers, if given a chance will do more to pull the State along than any other class; but whenever a little corn is tread upon the party aggrieved will immediately send to some other establishment for his work, out of the State the chances are, and legislators of a certain stripe think the press of legitimate target at which to shoot their wads of economy, retrenchment, etc. Newspapers need legislation as well as any other interest in the State, and they deserve to have it. An Association would bring newspaper men together so that by concerted action some good could be accomplished.—Lyon County Times.

WHAT'S IN A NAME.

As a rule the press of the State has alluded sneeringly or facetiously to the bill changing the name of the Nevada Insane Asylum to that of the Hospital for Mental Diseases. Some have claimed that the bill was so framed because of the sensitiveness of the inmates on the subject of being considered insane. If such were the case the bill is a good one, as anything that can allay the sensibilities of an insane person is a step towards a cure.

But the bill had another aim and that was in reference to the sensitiveness of the immediate relatives and friends of the inmates. One who has a sister or wife in the asylum finds it unpleasant, in answer to an innocent query, to admit that one dearly loved is in an Insane Asylum. The new law furnishes a term less harsh in its allusion than the other, and it was to cover this ground that Dr. Bergstein drew up the bill. His consideration in the matter will be appreciated by the relatives of the inmates of the Institution, and some time it may be appreciated by some of the people who are criticizing the measure.

The Fair.

By some accident both the State Fair and District No. 1 were lost in the afternoon session while the appropriation bill was being discussed.

It is wrong in principle to shut down on either Fair. To proclaim to the world that the State of Nevada, which had made such an impression in the eyes of the agricultural world at Chicago, had closed down its State Fair would be to give the State an irredeemable black eye the world over. Let these appropriations be made by all means.

Since the above was in type the State Fair appropriation passed and the Ormsby Fair appropriation was beaten. The Assembly will probably refuse to concur on the Senate's omitting District No. 1.

The Weiland Saloon.

Whitney has assumed control of the Weiland saloon, which he proposes to run strictly up to the times. He will dispense the best liquors and cigars and fine old Government whiskey which slides down your throat like oil, tickling your palate meanwhile. Call and see "Handsome Whit." j11

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle. Benton's Liniment is for sale at all drug stores.

M., to close out a bankrupt stock of ladies, mens and childrens shoes, at a reduction of 50 cents on the dollar of their former price. Burts, Packards, Buckingham & Hechts, and other leading brands, will be sold at 50 cents on the dollar. All shoes are marked in plain figures. Just 50 cents on the dollar will buy them. All the ladies French kid button shoes that were \$5, can be bought at this sale for \$2.50. These low prices are made in order to close out every pair in as short a time as possible. Do not wait until the sizes are broken, but come at once. Anyone wishing to purchase the stock as a whole, can do so by applying to the assignee.
